

The Rescue Riders program is all about giving back to the communities we live in. Our program is designed to teach you how to respond in an emergency. You can use your newfound skills wherever & whenever the need arises. Rescue Riders are regular participants at area events volunteering as Emergency First Responders. As a Rescue Rider, you participate in events as you normally would but now you have the training and tools to help should the need arise. It doesn't matter what motorcycle you ride or who you ride with, as a Rescue Rider you are welcome in all circles. Other bikers realize what commitment you have made by being a Rescue Rider.

Why wait? Join us today.

*“Never doubt that a small group of thoughtful, committed people can change the world. Indeed, it is the only thing that ever has.”*

-Margaret Mead

**YOU CAN  
MAKE A DIFFERENCE**

## Mission

The Rescue Riders program was established with input from the Medical Reserve Corps and other emergency response agencies to assist in times of need. As bikers we can utilize our increased mobility to quickly deploy into areas which may be hard to reach via traditional transportation.

In emergencies cutting response time can literally mean the difference between life and death. The Rescue Riders recruit, train and deploy bikers in times of need. If you are interested in joining or starting a Rescue Riders chapter in your area please visit our website and fill out the submittal form.
